

# City Bike Rental

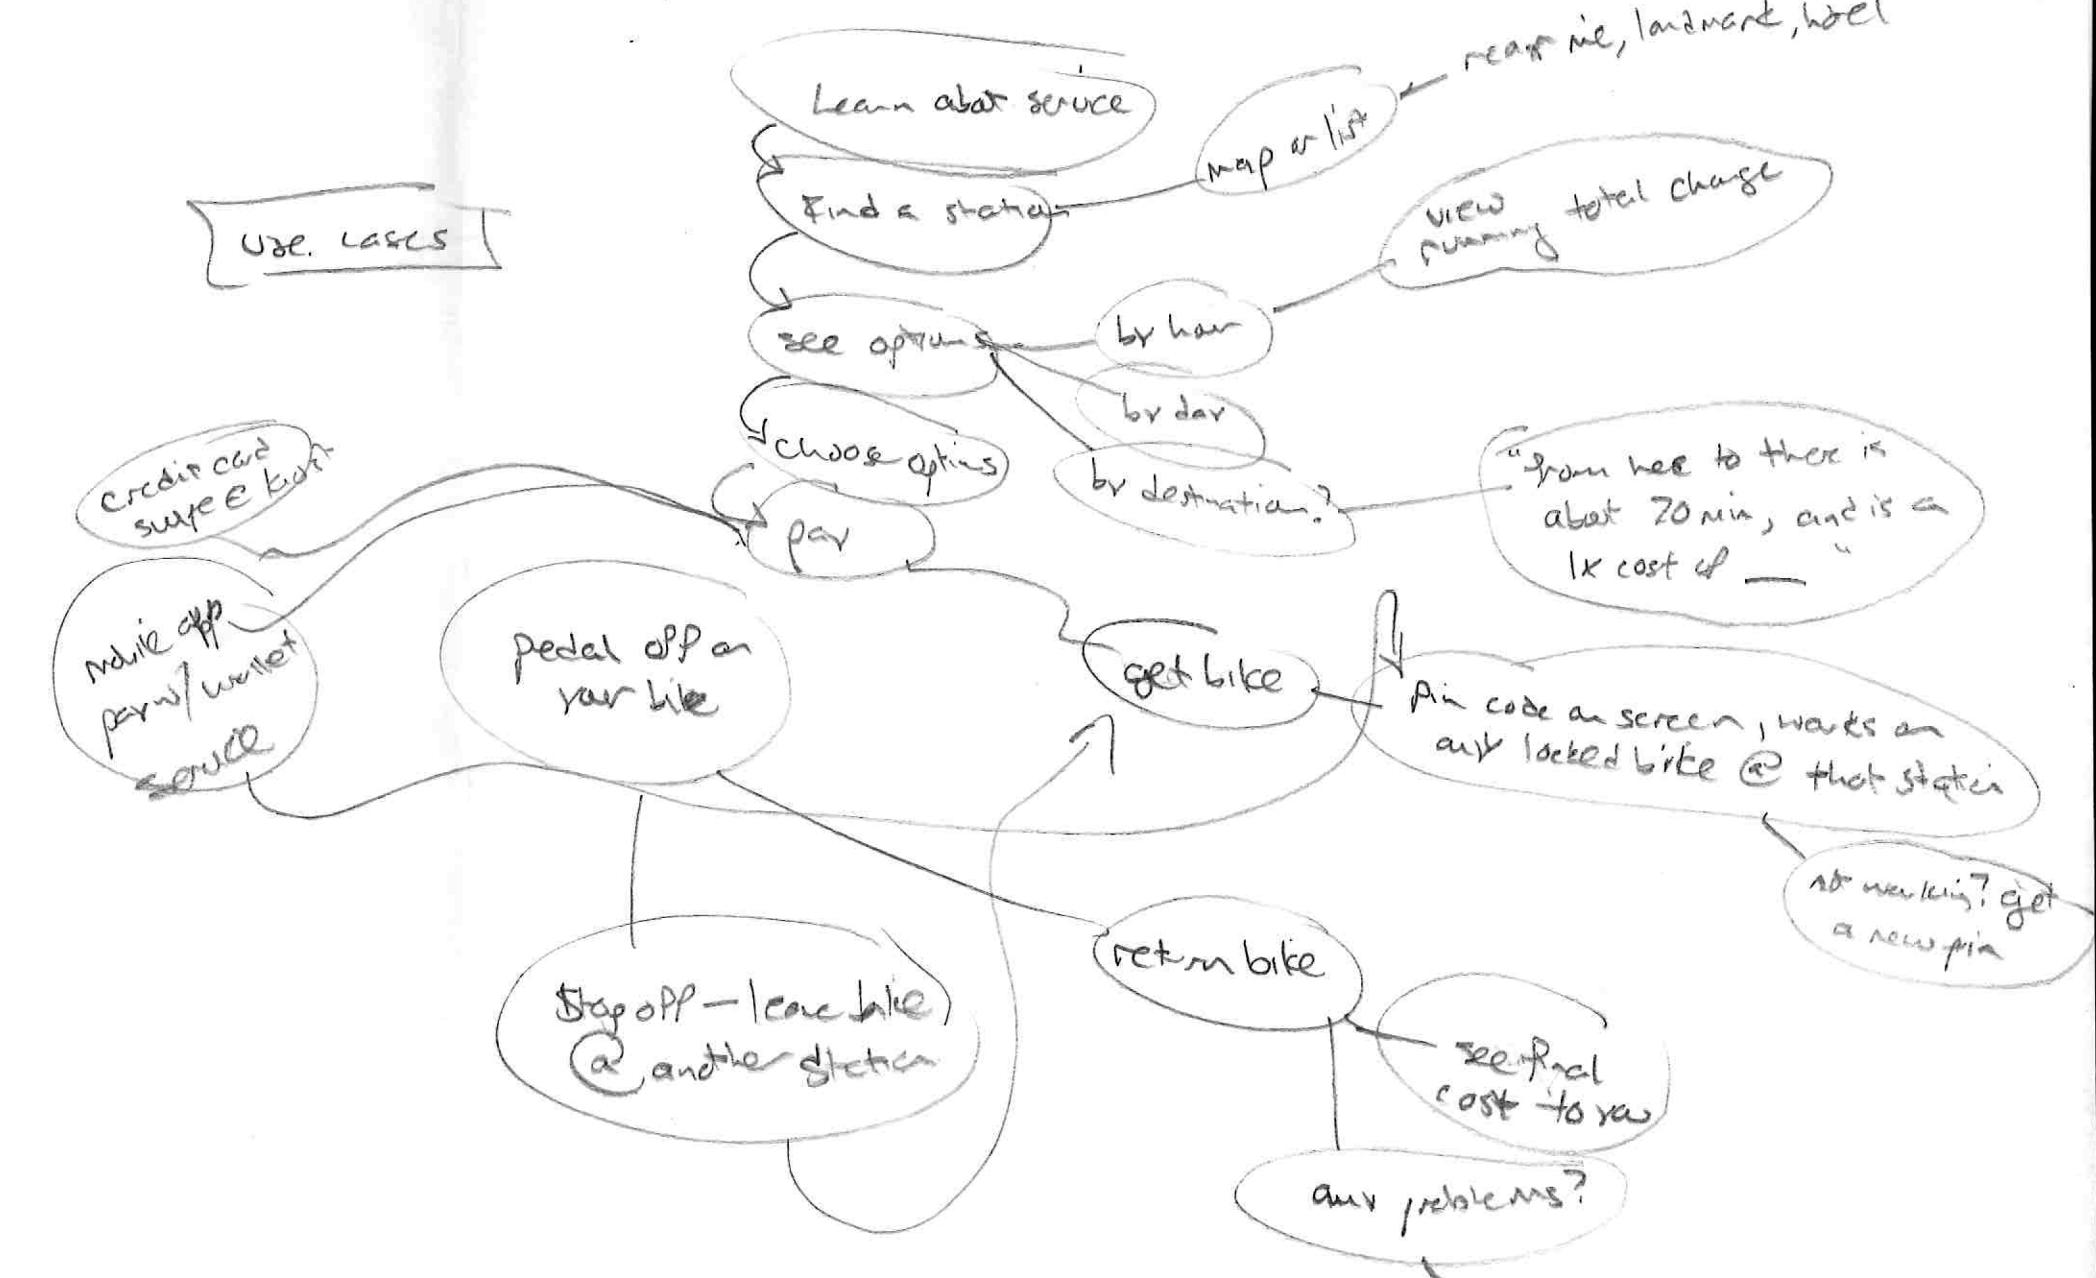

## Assumptions

A

- Renters 1st - optimize for 1st time exp, not for daily use?
- Simple tx payments no recurring?
- buy a ~~bike~~ per day
- Bike allocation not a problem - not focusing on "no bikes available case"
- Mechanical details of locking/unlocking handled separately
- Payment handled by Square / PayPal / etc.
- Key is understanding + choosing rental options

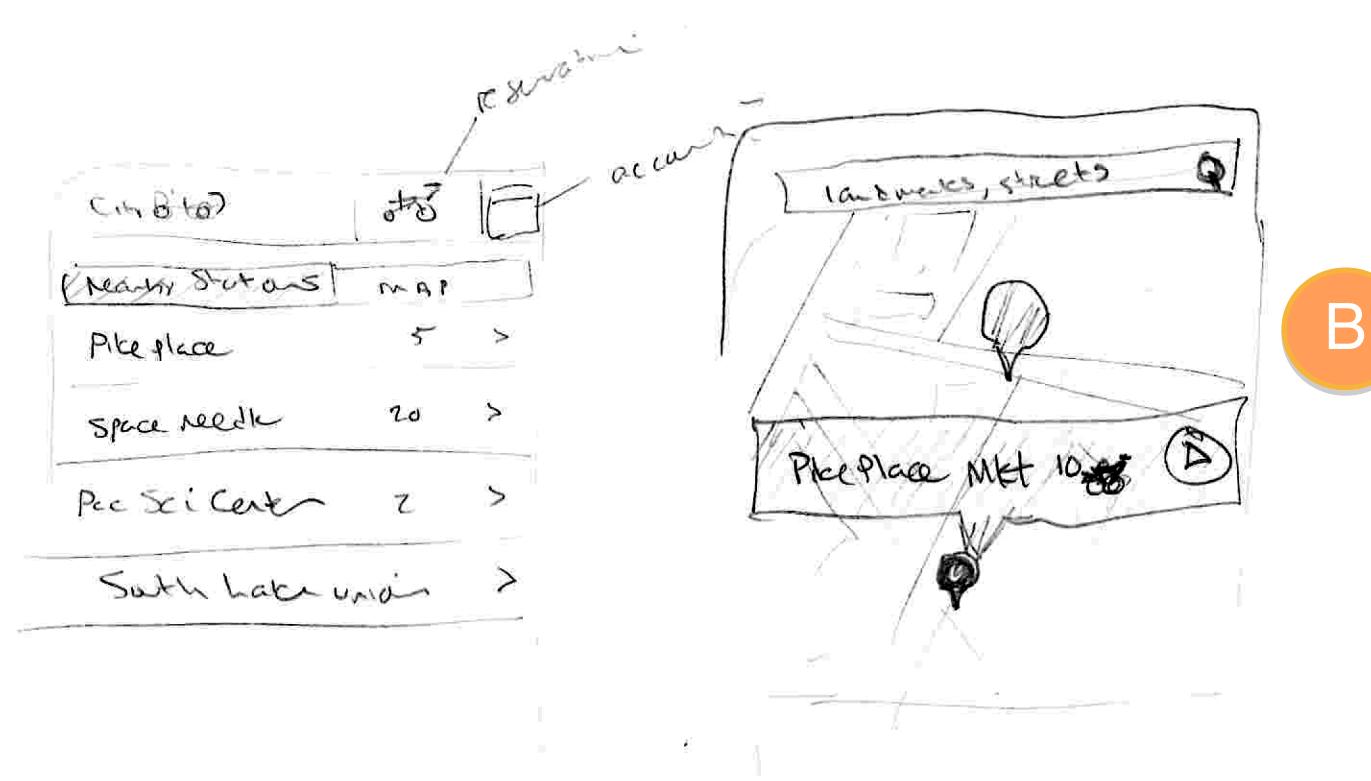

## Use Cases

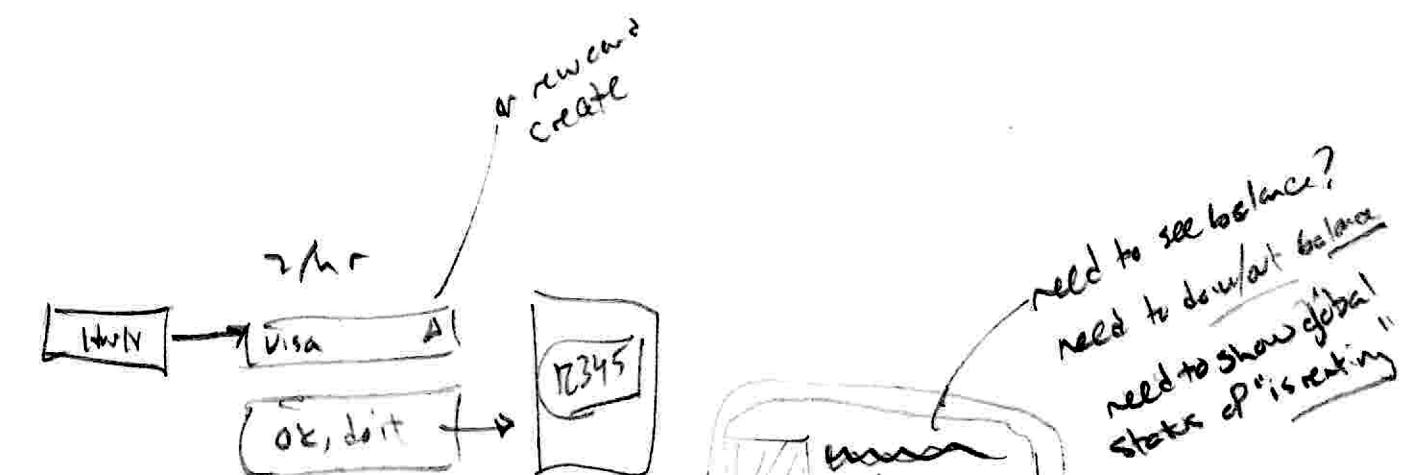

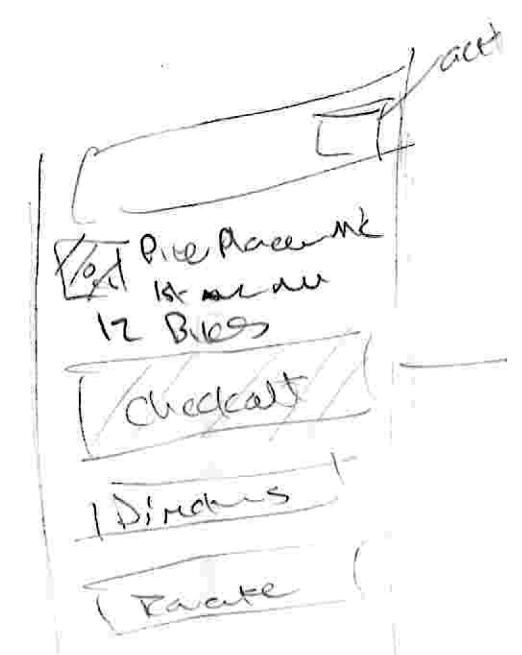

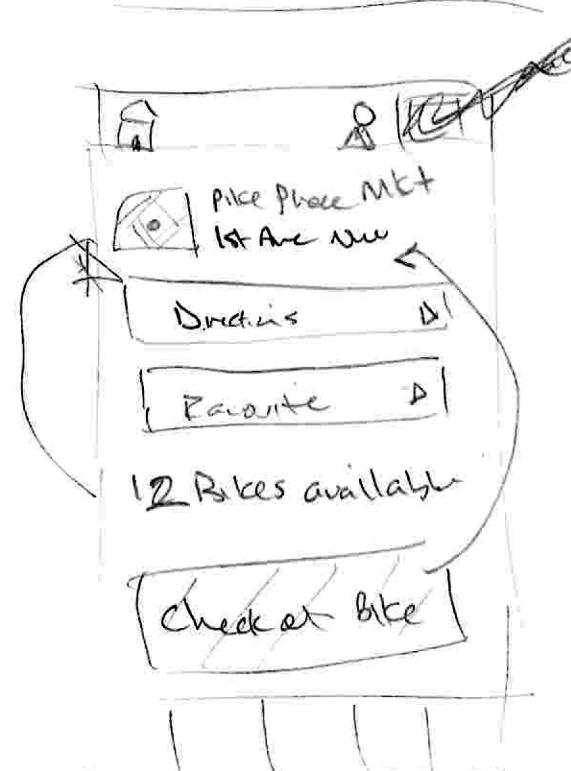

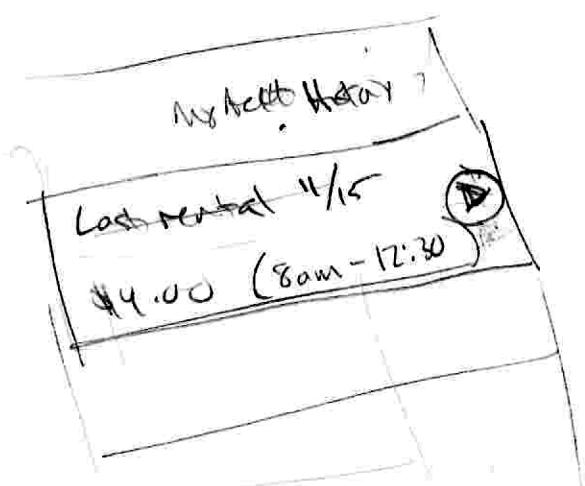

## Like

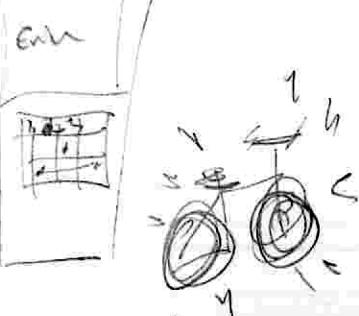

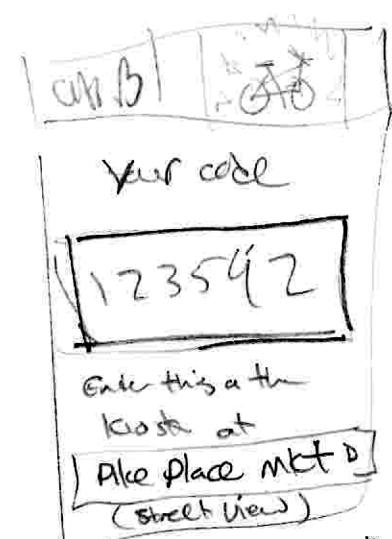

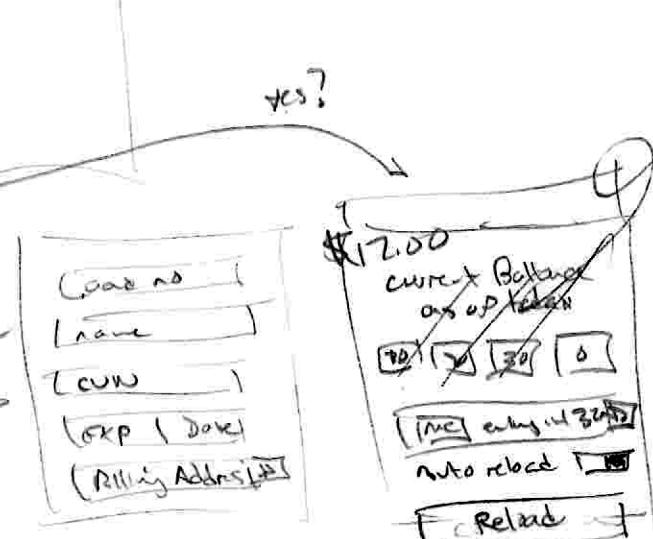

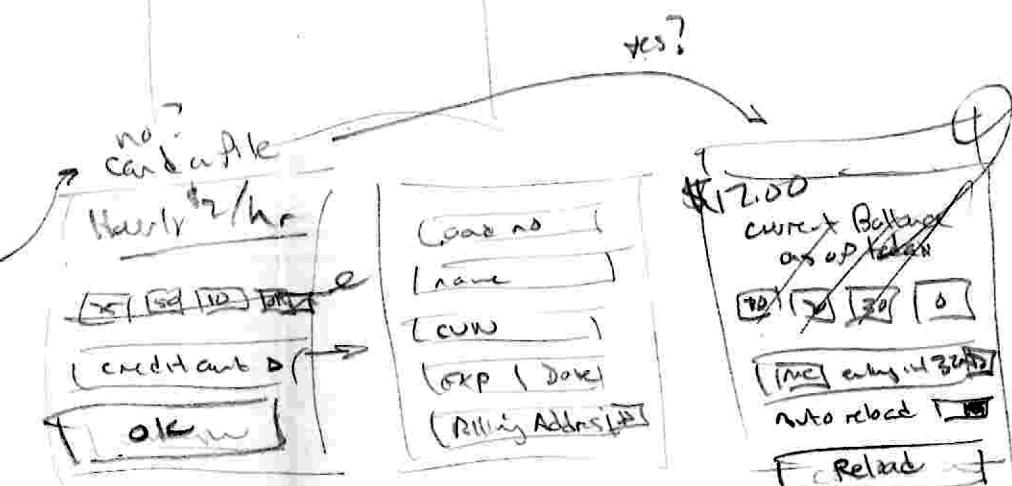

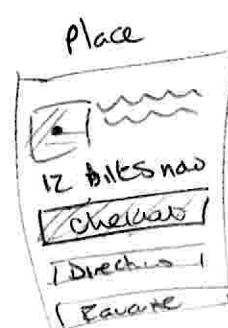

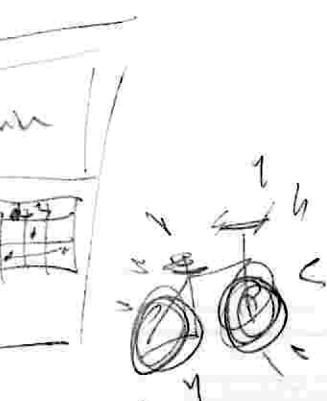

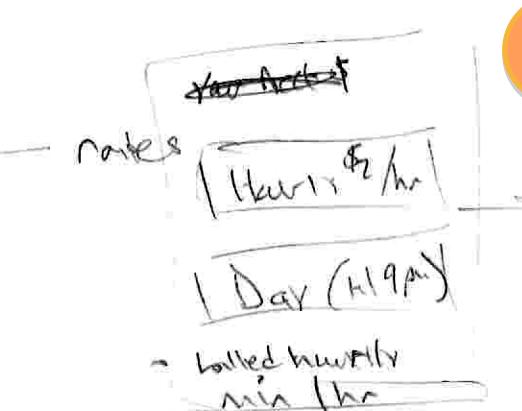

- Level UP
- Uber
- Kiosk at stations
  - Starbucks card (relocatable)

B

C

need to see balance?  
need to download balance  
need to show global  
state of "is renting"
